

Subsidized Graduate Student Health Insurance Basics

- The Student Health Insurance Policy offered to TAs and RAs is known as the Subsidized Graduate Student Health Insurance.
- Student must be receiving a full (100%) tuition benefit and be 100% RA or TA or a Combination of TA/RA that adds up to 100% to qualify.
- Students pay 20% of the premium and the Graduate School pays 80% of the premium.
- 20% = 136.40 80% = 545.60 per semester.
- This premium covers the student for the PLAN-I (\$50,000 Maximum Benefit).
- Students on the Subsidized Graduate Student Health Insurance both Fall and Spring are covered through Summer from 8/16/07 – 8/16/08.
- Students may “buy-up” to PLAN-II (\$250,000 Maximum Benefit). This requires an additional \$289.00 annually payable to Nationwide Insurance. The check must be accompanied by an enrollment form and given to the department Graduate Coordinator by September 4, 2009.
- Students may add dependents at the same level of coverage. The check must be accompanied by an enrollment form and given to the department Graduate Coordinator by September 4, 2009.
- The Subsidized Graduate Student Health Insurance Policy is the same as the Student Health Insurance offered to all University of Utah students. The difference is that the premium is subsidized by the Graduate School for eligible students. Brochures for this policy are available at Student Health Services at 555 Foothill Blvd., Madsen Health Center Level 1, Salt Lake City, UT., or online at <http://www.utestudentinsurance.com>.

How to Get the Most from Your Student Insurance Plan

- Use the Student Health Center for all of your health care:
Student Health Service
555 Foothill Blvd.
Madsen Health Center, Level 1
Salt Lake City, UT 84112
For an appointment call: (801) 581-6431
- Be sure you always have a referral from your Student Health Center provider before seeking any outside health-related services.
- Know when a referral is required.
- Use the Emergency Department only for serious injury or life-threatening emergencies.
- Return to the Student Health Center for any follow-up care after receiving after-hours, out-Of-area or emergency care.
- Pay your premium on or before the enrollment deadline.
- Ask questions to clarify coverage details and procedures.
- Read the Student Health Insurance Policy booklet before you need to use your insurance.
